

# Hopeless Forever

Looking for a drug?  
OK Google  
This  
This is you  
You  
You  
Me  
You find you  
suicidal  
You  
You  
Everything  
Will not survive  
Hey  
Hey  
Thoughts  
Literally, you blink your eyes  
Yep  
and  
life feels  
limited time  
People can sit home on their couch  
When you're looking for answers  
I was able to quit  
I quit  
It's not too late to  
quit  
So, today  
I quit  
me  
Hopeless  
and  
Hopeless  
Hopeless  
Hopeless  
Hopeless  
Hopeless  
Forever  
I quit  
Want to know what makes us us?  
Never get tired  
Oh, good for you, man  
What are you talking about? This is insane! Take a walk around the block. Go for a long drive  
to where else but the mall  
You don't  
quit  
I did it, I  
Some mornings you wake up and you feel like, where am I, I don't know what is going on  
I don't want to  
watch  
I refuse to  
watch  
Suffer  
Suffer  
Suffer  
Suffer  
Suffer  
Suffer  
Tomorrow night at 10 on CNN  
Alright, forget Trump and concentrate on  
this  
I just threw it and I nailed it, it was like, oh my gosh, thank you Jesus  
thank you Jesus  
thank you Jesus  
I just threw it and I nailed it  
Jesus  
it was like, oh my go...  
I nailed Jesus  
it was like, oh my go...  
I nailed Jesus  
It was like, oh my go...  
To survive  
crazy  
Americans  
need  
a  
digital life  
Americans  
need  
a  
cigarette  
Take my breath away  
There was no more thinking  
Take my  
brain  
away!  
There was no  
understanding  
There was no  
cigarette  
When we come back life  
disappointing  
It's glorious, like  
that was it for me, that's why I'm quitting

# I Am Infinite

Um...so...  
Question  
existence  
Which you are you?  
Be the you, you, you  
I am, I am, I am, I am, I am, I am  
infinite  
I am  
one  
I am  
everywhere

---

Walt Whitman—  
The east and the west are mine  
The north and the south are mine  
All seems beautiful to me

---

Never been to church  
Don't know Jesus  
Don't know  
the devil  
That's me  
Don't know Abraham  
Don't know  
you  
Don't know Noah  
That's right  
Don't know  
soul  
Don't know  
social media  
Don't know Moses  
Don't know  
Jesus  
Don't know  
cell phones  
Don't know  
out of Egypt  
Don't know history  
Don't know faith  
Don't know covenant  
Don't know speaking  
Don't know  
tweeting  
Don't know nothing  
nothing  
seems beautiful to me  
Now's your chance  
experience  
nothing  
Do you have any idea what is going on?  
Uh..  
Nothing  
is beautiful to me  
We now know  
nothing  
I'm glad we have a mind melt  
Eyes opened  
Blind  
Define  
meaning

## Secret Lives of the Super Disturbed

Breaking news  
Real, already  
We should get the oil  
Next on  
Secret lives of the super  
disturbed  
Like  
this man  
How many times do I have to answer this question?  
Loss of life  
Isn't that good enough?  
Up and walking  
Failure  
OK, this is amazing  
By the way  
Everyone is looking forward to  
Looking forward to  
excruciating pain  
in just 3 minutes  
This one is dead  
Like your  
excruciating pain  
Life  
Let go  
Stop the pain  
Unreal true story  
OK  
**Happened**  
That's a true story  
This is true  
We sure think so  
In about 5 minutes  
Beauty  
killed  
Like your  
terrible  
wrinkles  
There's a big difference between  
eyes  
and  
light  
Brilliant, I mean, I'm just wha wha I'll just...  
Actually, you're kinda blind  
What did you just say?  
I know  
Wake up  
But listen to this  
You can push that button  
Disappear  
I'm not there  
Adios  
I love you  
I love you  
I love you  
I love you, nothing  
I love you  
I love you, nothing  
I love you  
I love you  
nothing  
zero  
I wanted  
more

# They-self

I feel like  
people  
work  
not enough  
Those people are ready, but we need more  
We need more  
manic  
shoppers  
Jump!  
Credit cards  
Just buy it  
Sure, you could buy this, but why miss out on this?  
Real  
manic  
suicidal  
shoppers  
Objects  
We believe you're just a number  
OK, here's me, end of the day  
(loading a gun, firing it)  
Consumers  
You know, like one of those machines  
people  
that keeps repeating themselves over and over  
Feels just like I'm a  
machine  
Desensitized  
It does  
Can you feel something?  
Don't worry guys  
sufferers  
it's almost over  
monotony  
it's almost over  
and life  
pain  
thoughts of suicide  
drug overdoses  
sadness  
ends  
It's something we don't think about much  
People  
live in isolation  
people like me  
and rarely encounter people  
Jump!  
The best part about this  
artificial  
life  
life  
is the shopping  
Like  
like  
for everyone  
We are  
machines  
I'm gonna live like the average person  
I go in, I have the procedure, and walk out  
one of those machines  
This is they-self  
We're always here  
We're always here  
They'll never know  
Mrs. Kramer, why did you break  
your phone  
What are you talking about?!

I'm going to have to place you under arrest  
This is  
they-self  
Stop paying attention to  
they-self  
We know how it feels to be treated like  
a machine  
You have a morning routine  
You have a morning routine  
But, they're not all the same  
Your body was made for  
they-self  
Your body  
works around the clock  
Here's me, end of the day  
(gunfire)  
I've got a big night planned with  
they-self  
This is  
they-self  
Join us  
Join us  
I'm a robot  
Like  
help  
You call this normal?  
When everything is designed around you  
the  
customer  
I am  
busy  
I make money everyday  
Why don't you, uh, step into my office  
You're  
fired  
Now  
I  
do not  
make money everyday

Wherever life takes you  
they-self  
is there  
I am  
they-self  
they look like this  
Welcome back  
Where did she go?  
I'm lost  
Uh  
Come back  
Sorry  
Mari...Mar  
They  
have spoken  
We're done here  
They were so helpful  
They're coming  
Computer  
You found  
your  
self  
OK  
OK  
Let's try again  
You found  
they-self  
I don't know what that is, but yes  
It's about  
questions  
You  
collapse  
everywhere  
You're  
not  
in charge  
You want  
they-self  
Members for life  
Let's pretend this is  
your  
self  
You found  
your  
self  
now at the end of  
your  
life  
Saturday at 8  
Alright guys...we're gonna uh, move on

## So Emotional

Why are you so emotional?  
Um...  
I  
don't know  
Are you sure?  
There's no  
memories  
There's no  
questions  
There's no  
life  
And everyone  
died  
You could spend your entire life  
Plus 50 bucks  
Yet another  
life  
We were stuck  
Yet another  
died  
Yet another  
doesn't sleep  
You  
died  
Life  
Join us  
Join us  
He's gonna win  
Join us  
in  
hell  
Do it again  
Join us  
in  
hell  
hell  
hell  
Or don't  
I can do whatever you want  
Hey, here's an idea  
If we don't have a wall  
I'm from  
And we deport these criminals  
Born in the U.S.A., I was!  
they will keep coming back  
For those last minute invites  
killing more of us  
Join us  
in  
the U.S.A.  
Why are you so emotional?  
Oh look we've got  
Fear  
You waking up from  
Nightmare  
a dream that really came true  
That's how you become  
American

## We are Counting Down

We are counting down to the Super Bowl

We are counting down to the Super lowB

We are counting down to

Then i realized, there was

## The Return

Jesus returns this spring  
with a gun  
This is not a screensaver

# Our Digital World

Didn't recognize  
nature  
Facts  
Drones  
Look at that score, alright  
This is TV  
This is our point of view  
This is  
the digital world  
This is  
nothing  
for everyone  
We didn't have any  
friends  
No one  
This is isolation  
This is wrong  
This is  
fake  
media

You really should be watching  
oh, a commercial  
Order now  
Watch  
Have your credit card ready  
No problem  
No

Bye-bye reality

Where does it come from?

I've got a few ideas

Did you see the pretty lights?

What you see is our future

You'll get closer to

the

phony

God

Did you see the pretty

altered reality

But wait, there's more

powerful

acid

You'll see things differently

Mushrooms

It's not hard to have fun when you

double your

magic mushrooms

But grandma, we use

acid

You can use up to 4x less

Wait, i have some backstage, I'll be right back

Start planning your next trip  
See something with your eyes closed  
Wow, sounds like a good time  
I dropped  
acid  
can save your life  
Jesus  
on acid  
and as i'm walking, the holy spirit whispers something to me  
Drop acid  
and  
drop  
the  
digital world  
Then all i could do was stand and watch it crumble  
So take me from the wreckage, save me from the blast  
So take me from the wreckage, save me from the blast  
So take me from the wreckage, save me from the blast  
So take me from the wreckage, save me from the blast

## Draining Our Being (My Retirement)

Fact  
Real  
people spend less time  
No  
Did he lie?  
Yes  
Did you know?  
Where's god  
A wiretap  
What's going on?  
Why?  
I've never heard of that before  
Guess what?  
What?  
What else have you learned?  
Something new  
with every early morning  
Welcome  
Every late night  
Lifetime  
and moment away  
For free  
It doesn't make any sense  
With every click  
Which drains your being  
call  
punch  
It was beginning to be a struggle  
and paycheck  
You die  
We were really worried about falling  
into this  
grave  
It's a metaphor  
It's a bit morbid  
I just  
Why is it we love  
corporate America  
Now you can  
sell your soul  
Why is it we love  
the digital world?  
This is my retirement  
(gunfire)  
Why?  
Why has this happened?  
Why have loved ones died?  
Why is there suffering?  
Why am i suffering?  
Wait  
um  
Well, you know...excuse me.....oh my god (whispering).....um.

# It's Over

Sorry  
I was in shock  
Hello  
Dangerous  
What are you looking for?  
Well, I think  
That's amazing  
Of course  
Well, I'm, you know if  
I should know  
I should  
get really drunk by myself  
I should  
fall down  
Fall down  
Why?  
Painkillers  
You said you wanted to feel better  
Exactly  
Say Hi to  
text  
text  
emails  
could come at any time  
Kill me  
Listen up  
It's time  
to  
hypnotize you  
Everyone should  
trust  
us  
Are you in?  
noway  
Imagine  
everyone  
is here  
You're no alone  
Everyone  
Some contain cameras  
Everyone  
is  
not  
here  
you're alone  
Are you lonely?  
Everyones  
personality  
died  
Something to smile about  
Nature  
died  
Everyones  
divorced  
Remember  
Everyone  
died  
These numbers are off the charts  
devastating  
That is typical for viruses like  
people  
consumers  
Alright, I want to end this hour with this  
OK  
Can you believe that today marks a decade already since Anna Nicole Smith died?  
Uh...no  
Can you believe that it was 10 years ago today that Anna Nicole Smith was found dead  
you're welcome  
in her Florida hotel room?  
No  
I'm gonna, I'm gonna give a free commercial here  
Stop living in  
fear  
(cough)  
Pardon me, I've got that flu that everybody's got  
Advertising  
She's real  
You're gonna love  
I'm good  
We'll see what happens  
Just click a button and  
We can't wait for it  
There a story behind my  
eyes  
There's no other way to say this, it's over  
I have this idea, you know, you might think that it's kinda crazy  
people can forget  
that  
everybody dies  
It's over

# Wild Theories

Oh look  
Gold  
Love it  
See  
all the faces  
to remem  
Hey  
let's continue on  
terror threats  
um...  
Urgent threats  
I was wondering if  
are you OK  
**Threats**  
posted on social media  
Why does any of this matter?  
Jalapeño chicken fries  
Sounds good  
Get  
threats  
**Attacks**  
Arab terrorists  
and  
ill...illegal immigrants  
scattered throughout the country  
We are going to  
not  
keep our country safe  
ever  
No one kills  
terrorists  
better than  
America  
We are going to keep  
controlling  
country  
our  
people  
our  
consciousness  
That's a wild theory  
Yeah, I know it is  
But it makes sense  
Persuasion, but somehow the message doesn't seem to be reaching  
terrorism  
terrorism  
warning  
The United States government  
We can take over any country in the world  
Fanatics  
was plotting  
to kill them all  
But thou shalt not kill, remember?  
Well, the decision is yours  
No  
We are going to keep our  
occupying force  
safe  
I must fight for my country  
We are going to keep our  
evangelicals  
safe  
I didn't know what else to do (whispering)  
We are going to  
blow everything up  
And you all know what that means  
Everyone will die!  
That he's insane?  
No, absolutely not  
Nope  
He's  
Jesus  
Let it sink in  
No  
What...What's happening?  
I have no idea  
Can teaching kids in another country how to say  
Beeeeep  
America  
make you a success?  
The correct answer is...yeah  
Actually  
Did you know  
martyrs are alive in Islam?  
Get excited, world  
Imagine your romantic getaway  
in Islam  
martyrs do not die  
any evidence?  
martyrs are not destroyed  
Be sure to talk to your doctor before you  
blow up  
yourself  
I don't know what she wants  
Medication  
I hate this  
What, What's happening?  
Let's see  
The guy says  
Death will always be  
busy  
Oh yeah?  
but if you can accept its inevitability  
sometime next week  
but  
it makes the whole process

a lot easier  
With one click  
you look down  
nothing  
will be dead  
It lasted about 10 minutes  
I'm  
the Antichrist  
Really?  
Excuse me?  
OK

Take a good

anti-depressant  
Wait, you're real?  
Come back  
kicking and screaming  
I know it's not the last time we're going to talk about this  
Welcome back

## Memories, No Cameras

Voice  
Be inspired  
I'm not there  
I'm done  
I just want to be  
memories  
memories  
memories  
memories  
memories  
It's about  
memory  
But it needs to be remembered  
It's about  
memories  
For life  
Life  
Memories  
Products  
Going to the  
memory  
bank  
Look closely  
The messy truth  
Do you have a life?  
Right now?  
Uh...  
No  
cameras  
monitor  
our imagination  
A modern approach  
Divine Intervention  
We'd sell  
memories  
Seriously?  
Yep  
Memories  
ever get in the way of a touching moment  
Next  
Do I have to?  
Welcome back  
Wherever you are  
OK  
Everybody  
watch  
Anything can happen  
Guaranteed  
Where's the evidence?  
Wake up  
Guess what?  
What?  
Hurry  
This  
memory  
won't last long  
I love  
me  
All I noticed was  
me  
I said  
You're a basket case  
What am I doing here  
at 3 o'clock in the morning  
Looking for a sign  
at sunrise  
Look into  
the sun  
But, but that's the thing  
You might be surprised  
You might be  
nobody  
I'm really into stimulating  
me  
Well, of course  
I know what you're thinking  
You were so right about  
me  
I am  
one  
with god  
I am the Messiah!  
 Nope  
I  
was high  
Yep  
So, tell us your big idea for getting the whole country  
high  
everyday  
And we're with you  
And I want you to be sure that even if that is the only thing you ever do we've got somebody ready and waiting  
with  
pre-rolled joints  
Right  
I'll take that  
right now

See you tomorrow  
Do you know  
everything  
We're building the future for you  
Not so fast, Carl  
It was....crazy...the people that came  
This is what we call  
the future
